

Republic of the Philippines  
Department of Agriculture  
**BUREAU OF PLANT INDUSTRY**  
692 San Andres St., Malate, Manila

**Biosafety Permit for Direct Use as Food and Feed,  
or for Processing**

**Number 18-014FFP**

Stacked trait product **corn 3272 x Bt11 x MIR604 x TC1507 x 5307 x GA21** and all **progenies from crosses of this product** owned and licensed by **Syngenta Philippines, Inc.** with office address at 12<sup>th</sup> Floor, Two World Square, # 22 Upper McKinley Road, McKinley Town Center, Fort Bonifacio, Taguig City, Philippines, has satisfactorily undergone biosafety assessment pursuant to the DOST-DA-DENR-DOH-DILG Joint Department Circular (JDC) No. 1, Series of 2016.

The plant product with stacked traits conferred through conventional breeding has individual traits that have already been granted prior approval for direct use as food and feed, or for processing by the Bureau of Plant Industry, namely:

Corn 3272, renewed on June 24, 2018, Biosafety Permit No. 18-013FFP

Corn Bt11, renewed on July 19, 2013, Biosafety Permit No. 13-063

Corn MIR604, renewed on March 06, 2018, Biosafety Permit No. 17-005FFP

Corn TC1507, renewed on October 07, 2013, Biosafety Permit No. 13-067

Corn 5307, renewed on June 11, 2015, Biosafety Permit No. 15-082

Corn GA21, renewed on November 20, 2013, Biosafety Permit No. 13-070

No interactions were found among the stacked traits hence this product was found to be as safe as conventional corn and can substitute for its traditional counterpart for direct use as food and feed, or for processing. Syngenta Philippines, Inc. is hereby notified that it may proceed with the activities for this stacked trait product. The importation of this stacked trait product is subject to the conditions stated in this permit.

This permit is issued on June 25, 2018 at the Bureau of Plant Industry, San Andres St., Malate, Manila subject to conditions stated at the back of this permit, and shall expire on June 24, 2023.

  
**GEORGE Y. CULASTE**  
OIC-Director  
Bureau of Plant Industry

### Biosafety Permit Conditions

1. The permittee shall duly inform the public of this approval by way of publishing in any one of the top three leading newspapers in the country. A copy of such publication shall be submitted to the Bureau of Plant Industry within ten days after publication;
2. The regulated article shall be imported solely and exclusively for direct use as food and feed, or for processing and not for field testing or propagation;
3. Biosafety Permit of the individual traits contained in this stack should be renewed six (6) months before their respective expiration dates;
4. There shall be strict monitoring of the regulated article from port of entry to the traders/importers storage/warehouse as stated in Sec 32 of JDC NO.1 S2016;
5. The BPI shall impose the following conditions on the Sanitary and Phytosanitary Import Clearance (SPSIC):
  - a. In case of accidental release of corn 3272 x Bt11 x MIR604 x TC1507 x 5307 x GA21, such as road spill during transport, it is the responsibility of the importers to inform the Bureau of Plant Industry (BPI) immediately. The technology developer, Syngenta Philippines, Inc. will assist the BPI to prevent unwanted germination of the GM seeds.
  - b. Control and mitigating measures as identified in the Environmental Management Plan (EMP) must be complied to prevent unwanted release of GM seeds into the environment;
6. If new information on the regulated article and its effects on human health and the environment becomes available, and such information is relevant and significant, the risk assessment shall be readdressed to determine whether the risk has changed or whether there is a need to amend the risk management strategies accordingly; and
7. Compliance of the permit holder with the conditions set by the Bureau of Plant Industry (BPI) as stated in the Biosafety Permit for Direct Use (Article 7. Section 21.H of JDC No. 1 S2016).

Violation of any condition shall lead to revocation of this permit as provided in the DOST-DA-DENR-DOH-DILG Joint Department Circular No.1, Series of 2016. In the event new information becomes available indicating that the regulated article could pose greater risks to biodiversity, human and animal health than its conventional counterpart, the applicant shall, on its own, immediately take measures necessary to protect human and animal health, and the environment.

*I have read and understood the Terms and Conditions herein set forth and I enter in this agreement voluntarily and with my express consent, I have unto affix my signature with full knowledge of its legal effect.*
